SANTA ANA, CALIFORNIA, TUESDAY EVENING, MARCH 19, 1912.

50 CENTS PER MONTH

WAR THRILLS AROUSSED IN GERMANY

England Shares Excitement—
War Outlook Follows Navy
Budget Talk of Churchill

LLOYDS TODAY ADVANCE
WAR RISKS SIX PER CENT

Conflict in Six Months Expected—Kaiser Defers Visits to
Royal Neighbors

LONDON, Mar. 19.—Lloyds have raised war risks to six per cent on the chance of war with Germany within the next six months. Their action followed rumors of immediate war following Winston S. Churchill's speech on presenting the naval budget to the House of Commons.

All the papers are backing First Lord of the Admiralty Churchill's stand to keep the navy at sixty per cent increase over Germany's naval increase.

GERMANY A-THRILL OVER
IMPENDING WAR CRISIS
BERLIN, March 19.—Following Winston Churchill's speech of yesterday in which he declared that Germany must be satisfied to remain subordinate to Great Britain as a sea power, this nation is thrilling with the belief that a crisis impends.

Emperor William who had planned a trip to Corfu and a visit to Franz Josef and King Victor Emmanuel next Friday, announced that this trip was postponed. He conferred at length with Secretary of the Admiralty Von Tirpitz.

It is rumored Chancellor Von Bethmann-Hollweg has resigned.

ONE KILLED 3 HURT IN AUTO ACCIDENT

Auto Collides With Los Angeles
Street Car—Driver Charged With Intoxication

LOS ANGELES, March 19.—Isaac Calvert, a contractor of this city, was killed last evening about 6 o'clock, when the automobile he was riding in collided with a Central avenue street car at Fifty-third and Main streets. Three other men were injured: George B. Dexter, a money lender, at 610 Grosse building and living at 2708 Juliet street, leg broken and bruised; John Stammerman, 53, lumberman, of 519 Maple avenue, both legs broken, and H. R. Henderson, 53, representative of a correspondence school, living at 1553 West Seventh street, lacerations and abrasions.

Henderson was driving, and was taken into custody, later being discharged under \$1000 cash bail on a charge of driving an automobile while in an intoxicated condition.

CALIFORNIA CAVALRY IN
FIRST CLASS CONDITION

SACRAMENTO, March 19.—California's four troops of cavalry, located at Los Angeles, Bakersfield, Salinas and Sacramento, are in first class condition and are well equipped for field service, according to a report by First Lieutenant A. B. Dockery, U. S. A., which is on file today. Lieut. Dockery was detailed to inspect the state cavalry. He expressed himself as satisfied in every detail.

REAL WAR BETWEEN
SEXES IN ENGLAND

LONDON, March 19.—That actual warfare between the sexes is not far away was the remarkable prediction made here recently by Mrs. Despard of the Women's Freedom League, who, since the incarceration of Mrs. Emmeline Pankhurst, Mrs. Patrick Lawrence, Mrs. Marshall and Mrs. Tuke, has assumed the distinction of being the most prominent suffragette out of jail.

Mrs. Despard leads a wing of the suffragettes that represents the half-way element between the violent militants and the "hopefuls."

Excise Bill Is Passed By Vote Of 249 To 41

WASHINGTON, March 19.—By a vote of 249 to 41 the House today passed the Excise bill. The measure was supported by all the Democrats and progressive Republicans.

Many regular Republicans voted for the bill, occasioning surprise. The Republicans opposing were nearly all from New England.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Wednesday; light north wind.

Ice in Wabash River Carries Away Bridge
WABASH, Ind., March 19.—Not for twenty-five years has as serious a flood threatened Wabash county as was being experienced last night. The ice in the Wabash river carried away the 100-foot bridge at Belder this afternoon.

Target Range For Navy on Pacific Coast

WASHINGTON, March 19.—Representative Kahn of California introduced a bill yesterday to appropriate \$100,000 to establish a small arms target range for the navy on the Pacific Coast.

Borden Murder
Suspect Seen in Bay Towns

LOS ANGELES, March 19.—A posse from the sheriff's office is searching in the direction of Wilmington and San Pedro, following a report that the man suspected of the Borden murder at Long Beach was seen there.

St. Mary's Church
Burned in Whittier Today

WHITTIER, March 19.—Fire this morning destroyed St. Mary's Catholic church. Matches in the vestry are believed to have been the cause. A loss of \$7500 was sustained, with insurance of \$2000.

Utah Day at Land Show—
Governor Spry Guest of City

LOS ANGELES, March 19.—Today was Utah Day at the Land Show. Governor Spry and other Utah and Salt Lake officials were the city's guests. Gov. Spry starts for San Francisco Thursday to select the site for the Utah building at the exposition.

WOULD BURY DEAD LAWS ON OHIO STATUTE BOOKS

COLUMBUS, Ohio, March 19.—Under the leadership of E. W. Dety, the Ohio Constitutional convention is today discussing a campaign to bury the "dead laws" on Ohio statute books. Sixteen thousand obsolete laws are on the Ohio books, Dety declares, and practically the same number are dead in every other state. He says the backing of a great portion of the Ohio bench and bar.

DR. WILEY'S ASSISTANT IS
SLATED FOR HIS CHIEF'S JOB

WASHINGTON, March 19.—Dr. W. D. Bigelow, assistant chief of the bureau of chemistry and long one of the right hand men of Dr. Harvey W. Wiley in the enforcement of the pure food law, is the man who has been recommended for the position vacated by Dr. Wiley. Dr. Wiley himself is authority for the statement.

STANDARD PROBE TO BE THOROUGH

Bank Officials Before Grand
Jury—Standard Breaking
Under Nervous Strain

LOS ANGELES, March 19.—The federal grand jury probing the alleged Standard bank embezzlement, went into session at 2 o'clock this afternoon. President Graham of the American National Bank of Pomona, appeared at the federal building with former Bank Examiner Gatch, now a director of the bank, in an automobile. They brought ledgers and other books and papers of the bank, all of which were given to the district attorney.

Almost broken under the strain he has endured since his arrest, Earl Standard, exhibited nervousness when preparing to go before the grand jury today. During the morning he conferred with his counsel, Robert Loucks, but Loucks refused to make a statement as to the probable defense in case of an indictment. Half a dozen of the Pomona bank officials are expected to testify before the grand jury.

Standard's wife is constantly at his side, and declares that if her husband is convicted she will remain steadfast.

ALL LABOR IS HE DECLINES TO INTERESTED IN SIGN SCHOOL BILL BONDS

Lloyd-George Introduces a Minimum Wage Bill in Commons
Talbert Refuses Signature That Action Testing Bonds May be Brought

LABORITES FEAR RESULT OF BILL AND FIGHT IT
ATTORNEYS WILL FILE A PETITION

Should it be Obnoxious After Passage, Big Railway Strike is Booked
Williams and Heathman Visited Board of Supervisors to Get Refusal

LONDON, March 19.—Chancellor Lloyd George today introduced into parliament a minimum wage bill by which the government hopes to end the great coal strike now paralyzing Great Britain. The laborites are fighting the measure, declaring the bill is the opening wedge for compulsory arbitration.

Strike conditions are unchanged. Several riots took place today but no casualties were recorded.

ALL LABOR WATCHING THE MINIMUM WAGE BILL

LONDON, March 19.—Drastic legislation to prevent strikes in industries vital to the community promises to become necessary in the United Kingdom. The strike of the miners has caused an unrest which threatens trouble throughout the labor world. The agitators prominently identified with the strike of dockers and carmen last summer are again becoming volatile.

Tom Mann, member of the Amalgamated Society of Engineers, and a Socialist, announces if the bill about to be presented in parliament to establish a minimum wage in the coal industry proves unsatisfactory to the working people, he will urge a strike of the railway men and transport workers that will bring about an "acute paralysis of the business of the country."

SUFFRAGISTS FIGHT OVER SHADOWED BY COAL STRIKE

LONDON, March 19.—Little, if any, headway toward votes for women, it is believed in Liberal circles, will be made in Parliament this year. The situation precipitated by the industrial agitation involves far-reaching changes in the government legislative programme; and, in view of the probability that the electoral reform scheme of Mr. Asquith will be postponed until several questions more critical have been dealt with, the issue of woman suffrage may be sidetracked irrespective of the excitement created by the tactics of the militant suffragettes.

OROZCO'S AID IS ARRESTED

Recruited 200 in El Paso to
Take Across Border—Wave
of Ardor for Madero

EL PASO, March 19.—State rangers have arrested Louis Delcon, an officer in Gen. Orozco's army, charging that he has recruited two hundred Mexicans for Orozco in El Paso, and was prepared to take them across the boundary.

A Chihuahua dispatch says that a portion of Gen. Orozco's command is moving to Ojinaga to engage the Federals in the north.

A WAVE OF ENTHUSIASM
FOR MADERO ENLISTS TROOPS

CANANEA, Sonora, Mex., March 19.—A wave of enthusiasm for President Madero is sweeping the Cananea district, and hundreds of citizens are offering their services in his support, in whatever capacity he desires to use them.

A company of troops is now being organized here, and when completed will be assigned to duty around Arizona, under Capt. Launston, who was a former captain under Madero.

PRESIDENT MEDERO MAN
OF IDEAL CITIZENSHIP

CITY OF MEXICO, Mex., March 19.—Along with the other reforms proposed by the present administration and the leaders of the different movements to overthrow it, is a general uplift of morals.

President Madero has pronounced ideals on the subject of what should be done towards placing the mass of citizenship on a higher plane of morality. He is a personal example of what constitutes ideal citizenship. It is said of him he has not a single "bad habit." His personal character is above reproach.

WEIGHTY MATTERS FOR MAINE SOLONS
Legislature to Meet in Special Session for First Time Since Civil War

AUGUSTA, Me., March 19.—The Maine Legislature will meet in special session Wednesday for the first time since the Civil War. Three special reasons for the calling of a special session are recorded in the proclamation issued by Governor Maistad. They are:

To re-district the state for congressional representation.

To amend the laws governing elections.

To propose a constitutional amendment to determine local option with regard to liquor traffic.

FIRST PRESIDENTIAL PRIMARY IN U.S. TODAY

Balloting Heavy in North Dakota With
Roosevelt And La Follette Cans
Both Expecting Victory

FARGO, N. D., March 19.—The first presidential primary in America is in progress in North Dakota today, and the balloting is extremely heavy. Both Roosevelt and La Follette campaign managers claim victory beforehand.

La Follette Confident
MINNEAPOLIS, March 19.—Senator La Follette, en route to the East, predicted today that he would carry North Dakota by fifteen thousand.

ANOTHER MISSOURI BATCH OF DELEGATES FOR ROOSEVELT
POPLAR BLUFF, Mo., March 19.—The Roosevelt delegates completely controlled the Fourteenth Missouri District convention meeting today to name delegates to the National Republican convention.

Realizing their defeat, the Taftites announced they would contest the delegation named when they held separate conventions.

TAFT BEGINS WHIRLWIND TOUR OF NEW HAMPSHIRE

MANCHESTER, N. H., March 19.—To offset the influence of Governor Robert Bass and the Roosevelt supporters, President Taft today began a whirlwind trip through New Hampshire. He spoke at Nashua, where he laid the cornerstone of the Y.M.C.A.

NEW MEXICANS SOLONS ARRESTED

Four Members of Legislature
Said to Have Accepted
Bribes for Their Votes

SANTA FE, N. M., March 19.—Republican Representatives Trujillo and Lucero of the Arriba County, Montoya and Cordova of Taos County, are in jail awaiting the filing of charges concerning their alleged acceptance of \$500 each on a deposit for their vote in the U. S. Senatorial election which began today. Authorities stated, following their arrest last night, that they will probe to the bottom of the matter to see whether or not others are involved.

DRAMATIC APPREHENSION OF
ALLEGED GUILTY SOLONS

ALBUQUERQUE, N. M., March 19.—Four members of New Mexico's legislature were arrested last night at Santa Fe, charged with accepting bribes to vote for certain candidates for United States senators, first vote on which will be taken by the legislature tomorrow. Bribes amounting to \$500 each are said to have been paid them.

The arrest of legislators, all members of the house of representatives, was affected by a ruse and came as a dramatic climax to dickering extending over several days, it is claimed.

Those arrested were Representatives Julian Trujillo and J. P. Lucero of Rio Arriba county; Manuel Cordova and Luis Montoya of Taos county. They are said to have been caught with the money in their possession. The arrests were made by Territorial Mounted Policeman A. A. Sena, in a room at the Palace Hotel at Santa Fe, where the men met by appointment.

BOMBS FOR ROSALSKY AND
GRACE WALKER SAME SOURCE

NEW YORK, March 19.—The typewriting of the address on the bomb which recently blew things to pieces in the home of Judge Otto Rosalsky convinces the police it was sent by the same person who mailed the bomb which killed Grace Walker. So far there is no clue to the identity of the sender.

CANADA TO TRAIN HER BOYS
IN CALISTHENICS AND DRILL

OTTAWA, March 19.—In a memorandum announcing that 40,000 Canadian cadets will start training this year, Colonel Sam Hughes, minister of militia, expresses the hope that in a few years every boy in Canada will be proficient in drill and calisthenics, and be a perfect rifle shot.

UNDERWOOD BLAMES SUPREME COURT FOR SOCIALISM GROWTH

WASHINGTON, March 19.—Placing direct responsibility for the astonishing growth of Socialism upon the Supreme Court because of its "unfortunate" decision holding an income tax to be unconstitutional, Democratic Leader Underwood yesterday made an impassioned appeal to the House to return to the principles of the fathers.

"The patriots who founded this

great land," pleaded Mr. Underwood, "held that wealth should bear its just proportion of taxation, so that the burden should fall as lightly as possible upon the toiling masses."

This great principle, he maintained, the Supreme Court has denied.

The occasion of this remarkable address was a most spirited debate on the excise income tax bill, which was before the House.

A NEW CRISIS ARISES IN CHINA

Yuan Shi Kai Threatened With
Execution if Soldiers Not
Speedily Paid

CHINESE GUNBOATS ARE
SHELLING BOQUE FORTS

England and U. S. Must Join
to Save China From Japan
and Russia

PEKING, March 19.—A new crisis arose today with the notification of President Yuan Shi Kai that unless he pays the Republican soldiers within forty-eight hours he will be executed. New uprisings are reported from many inland points. Republican soldiers are deserting by the thousands and joining the pillagers because they have not been paid for their services.

German marines are controlling the situation at Swatow, following the burning of the consulate.

Chinese Firing on Forts

HONG KONG, March 19.—Chinese gunboats are firing on the Bogue forts at Canton which have been held by the rebels since the soldiers mutinied a week ago. The rebels replied vigorously from the foothills. A score of forts are engaged. Hundreds are reported killed and wounded.

ENGLAND AND U. S. MUST
UNITE IN CHINESE MATTER

WASHINGTON, March 19.—Following immediately on the hurry orders to the powerful American armored cruiser squadron to speed from Hawaii to the Orient, and the admission by Admiral Sir Cyrrian Bridge that a naval class is "hot out of the question here," a most significant conference took place between Huntington Wilson, acting Secretary of State, and Alfred Mitchell Gunes, Counselor of the British Embassy and personal representative of Ambassador Bryce, yesterday.

Alarmed by the menacing attitude of Russia and Japan, who have determined on grabbing vast "spheres of influence," which means the dismemberment of China, it is understood that England, through Council Gunes, has expressed her eagerness to enter into a practical alliance with the United States to balk her old-time ally, Japan, from appropriating the most desirable province in the Celestial Empire.

It is understood that, following the armed cruisers, California, South Dakota and Colorado, the Navy Department is making ready to send the armored cruisers Maryland and Pennsylvania, the battleship Oregon and the protected cruisers St. Louis and Raleigh.

FIGHTING NEAR CANTON
ENDANGERS FOREIGNERS

HONG KONG, March 19.—Continued fighting near Canton is endangering the foreign quarter. Foreigners have been warned not to leave their pensions under penalty of death. Gunboats and forts are aiding the government troops.

COAL STRIKE MAY YET BE AVERTED

Further Conferences Expected
—Trouble Brewing Among
Other Miners

NEW YORK, March 19.—Brokers familiar with coal conditions, today predicted the existing agreement between the anthracite miners and operators would be extended to permit further negotiations. The impending strike may be averted. Coal prices are expected to rise instead of dropping as is usual on April 1.

BITUMINOUS COAL MINERS
READY TO GO ON STRIKE

CLEVELAND, March 19.—With the anthracite miners in the East threatening to strike, the bituminous miners of Illinois, Indiana, Ohio and Western Pennsylvania are conferring to decide whether to join the movement. Unless it can be averted three hundred and twenty-seven soft coals, comprising practically all in America, will strike April 1.

The present contracts expire March 31.

NIGHT CHURCHES ADVOCATED

CHICAGO, Ill., March 19.—Night churches for Chicago to intercept the sinful, following their sinful ways, were advocated by Dr. John B. Shaw, pastor of the Second Presbyterian church, in a public speech yesterday.

NEED THE PLANT BUT HAVE NOT THE COIN

City Trustees Investigating to
See How They Can Buy
Auxiliary Plant

NO LICENSE FOR
REAL ESTATE MEN

Council Will Not Try to Enforce
Ordinance That Can't be
Enforced

If the City Trustees can find out how to pay for a \$2,000 auxiliary water plant when it has not the money to pay for it, or if the City Trustees can find some legal way of paying for the plant in the future, Santa Ana may get an auxiliary water plant in the next six or eight months.

The matter was up for discussion last night. Water Superintendent Reid said that the present plant was up to its full capacity last summer, and the indications are that the demand this summer will be greatly increased, yet by strict economy in the use of the water, the city might get along. There was considerable discussion of the matter last night. In times past City Attorney Heathman has held that contracting for ahead was an illegal procedure, and City Trustee McPhee remembered an instance or two where such contracts had proved more or less disastrous in Santa Ana. But the city attorney has another opinion now. He finds that the supreme court has decided that it is all right. A city board can contract ahead even into the term of a board not yet elected.

The matter came up last night by the report of the committee that was

Potato Pancakes

(Recipe by Mrs. Helen Armstrong)

Here is something in pancakes a little different from the ordinary:

One quart of raw potato, either grated or run through a food chopper, add four eggs, slightly beating each one in thoroughly. Add salt and pepper and a little flour, only enough to bind the mixture; the amount will vary owing to difference in potatoes. Fry by the spoonful in drippings or Cottolene and serve promptly.

Pancakes, doughnuts, fritters, etc., fried in Cottolene come out light, crisp, and free from grease. You will find it more satisfactory than lard—more economical, too—and, remember, there is no indigestion in Cottolene.

HARNESS

We have the best equipped harness factory in the county. Home-made harness and harness repairing.

Trimming Department

Is in charge of competent hands. Auto tops and carriage tops repaired. Cushions put in good shape.

Mr. F. Lutz Co.

Join the Santa Ana Roosevelt Club

Every man and every woman in Orange County, who is eligible to register, and who desires the nomination of Theodore Roosevelt for President is urged to fill out the following blank and mail it to THE REGISTER, SANTA ANA, CALIF.

N. B.—And get your neighbors and friends to sign. Fill the blank full of names.

I hereby subscribe myself a member of the Santa Ana Roosevelt Club.

Name

Address

appointed to examine the bids received for furnishing an auxiliary plant. These bids ran from \$300 to \$21,000.

Sprinkler Bids

Bids for a street sprinkler were opened as follows: Geo. A. Rogers, one 600-gal., \$275; one 750-gal., \$300; with running gear, 600-gal., \$400; with running gear, 750-gal., \$450. Newell Matthews Co., one 750-gal., no running gear, \$295, accessories additional. Grubb, Alderman and Street Superintendent English were named a committee to examine the offers.

J. E. Snow and fifteen others petitioned for a cement curb on East Second from French to Garfield. The matter was referred to the street committee for investigation.

J. T. Dille petitioned for five lights near Evergreen and Walnut streets. The petition was referred to Greenleaf, Alderman and Grubb.

A petition to have Henry Isenberg appointed as a policeman was read. There were about fifty signers. Trustee Greenleaf said he thought one policeman handled the job very well. Ryan held the railroad beat during the winter months when the hoboes were worst. In Greenleaf's opinion another policeman is not needed. "This is the first time I have known of the residents of a district setting out to appoint its own policeman," said McPhee. On his own motion the petition was denied.

Realty Licenses

A petition signed by fifteen or twenty real estate agents asked that the ordinance setting a license on real estate agents be repealed, because many agents without offices escape. The city marshal said the ordinance was partly enforced once, but because it was difficult to collect from all agents it was allowed to lapse. Ey said the agents originally got the ordinance to get at the curbstone brokers.

Heathman said he thought the agents are doing so much to boost the town they ought not be taxed. "Incidentally, they hope to make a

Patent Office, 612 E. 1st St., St. Louis, Mo.

little money for themselves?" queried McPhee.

Grubb said he thought the agents ought not be taxed because they give so many joy rides and show tourists the country. Grubb moved that the city attorney be instructed to prepare an ordinance to repeal the realty agents' tax. Alderman said it was an injustice to let the agents off when other classes of business men pay licenses, but he did not favor trying to enforce a law that could not be enforced. He said the realty man pays no tax on any commodity.

W. J. Wells said as an agent he would pay the \$6 a year gladly if it brought any protection, but the city does not arrest those who do realty business without a license. He said the curbstone takes a customer away from a real estate man with an office and tells him he is not in the business but will sell him a piece he knows of.

Ey said the agents ought to give this administration a chance to enforce the law. The motion made by Grubb was voted for by all trustees but Ey.

Want the Cash

F. R. Bain, president of the Southern Counties Gas Co., offered a \$500 bond to take the place of the \$50 cash deposit made to insure the repair of streets that have been torn up by the gas company. McPhee said he thought the bond would be far less satisfactory than cash. Ey said the offer could not be accepted as the ordinance requires a cash deposit.

Grubb said he thought the city knows what it wants, and on his motion the communication was laid on the table.

The petition of the Pacific Telephone Co. for poles on Walnut street near Broadway was granted.

Water Plant

McPhee for a committee reported in favor of rejecting all the bids received for an auxiliary water plant for the city.

Grubb was not in favor of giving up negotiations for an auxiliary water plant, for there might be a long dry spell and endanger the water supply. The system, said he, is growing rapidly, there being 354 new taps in the last year. The system takes in \$3100 to \$3300 a month, and operating expenses are but \$1200 a month, and with such prosperity the efficiency of the system by all means should be given every protection. Protection from fires should be always assured. Grubb said he did not favor taking \$2000 a month from the water department and using it for current expense. He favored using it in extending the fire mains and the water system only. Reid said the department spends \$1000 a month in improvements.

McPhee: "The committee can't see where the city can get the wherewithal to pay for this plant. We don't want the cheaper plants, and the costlier plants are beyond our financial reach just now."

Water Superintendent Reid said that the department needs the plant now as badly as ever, but the three trustees on the committee had concluded there are not enough funds available for the kind of a plant he wants. In reply to a question from Grubb, Reid said as long as the city has no disastrous fires it may get along all right with the insurance companies. He preferred trying to get along through a close-run summer to getting a cheap plant.

Grubb moved that the committee, Alderman, McPhee and Greenleaf, be discharged and the matter be taken up as a committee of the whole.

The motion carried. "My position is this," said Grubb. "We have a plant offered us that is satisfactory to the superintendent, and we need that plant. One of the bidders tells us that his company will consider receiving pay of \$1000 a month, and I think we ought to accept that offer."

McPhee said he thought it would be illegal to contract ahead in that way.

City Attorney Heathman said that in a new decision the supreme court in McBean vs. Fresno, held that cities can contract as far ahead as a period of five years. He quoted several cases. He said the city could contract to pay \$1000 a month, but he knew of no way whereby the city could pay interest under such a contract.

Alderman said that if the contract is made, other departments would run short.

It came out in the discussion that if the water superintendent had recommended a plant costing \$12,000 the city could have paid for it, but it has not the money available for a \$20,000 plant.

Ey said he favored laying up \$1000 a month and not buy the plant for another year.

McPhee said the city has \$36,000 to last for seven months, and if the city's bills run as in the past, the bills will come to \$40,000, which would leave a deficit.

Santa Fe Street
City Engineer Finley, said he had surveyed Santa Fe street and found

a fence, house, barn, water gates, trees, wagons and horses in the street.

The Santa Fe has agreed to take care of the trees.

The street superintendent was instructed to request the Santa Fe to take the trees out, and to have the water gates, fence, barn and house moved off the street. The clerk was instructed to ask the health officer to see that several houses there be connected with the sewers.

On motion the streets in the Fairview tract were accepted according to map.

Grubb reported Santa Clara avenue from Grand avenue east is in bad condition. The line between the city and county territory runs along the middle of the street. By agreement with Supervisor Struck the city and county will take care of the street and divide expenses.

CAUSES SICKNESS

Good Health Impossible With a Disordered Stomach

—There is nothing that will create sickness or cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge every one suffering from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try **REXALL DYSPEPSIA TABLETS**, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine they are not satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. Three sizes, 25c, 50c, and \$1.00 a box. Sold in Santa Ana only at our store—The Rexall Store, Wheeler & Mateer, 104 West Fourth St.

CATARH CANNOT BE CURED with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

ROCK ISLAND

HE SEES GREAT FUTURE FOR NEW FRUITS IN THIS COUNTY

McDannald, Writing From Kansas City
Land Show, Finds No Reason Why
Citron Should Not Be Made
Great Industry Here.

KANSAS CITY, Mo., March 11.—When I first hit Los Angeles, she had less than 10,000 population, and the best record she had established was scarce above a 4-minute gait. Frank Wiggins had not "thrown" his castor in use ring then. Now her population is increasing so fast it is a physical impossibility to make a correct enumeration. Last year Forty-second street marked the city's southern boundary. Today it is built out to Sixty-first street, and the "plateman" works over time in recording new subdivisions. It is confidently predicted that within the next two years her population will have safely passed the half million mark. If only a small fraction of the people I have met here who said they were going there, actually so, then the Owens river aqueduct will have been completed none too soon. My wife's mother has the distinction of being the first white woman martyr in San Diego. The city of "Destiny" at that time laid claim to a population of about 400, including "some" greasers, a "few" gamblers, and a "lot" of mission Indians.

After a lapse of a little more than half a century what do we find? A "pueblo" of adobe huts, overlooking a sleepy old bay, with not a craft to ruffle its placid surface? Oh, no! San Diego has awakened to the turmoil of the outer world, and has established her "watchman on the tower," from whence he can see the ships as they "go by in the night," and not a one is allowed to pass without first having unhooked at least a part of her cargo, for it is here that ship and freight car have arranged their first meeting place. In the silence of the night, San Diego has crept up from nowhere to fourth position on the map of the state, and if some other place don't watch with jealous care, she will not long remain on the fourth rung of the ladder. The city now has a population of 50,000—and Jasper 2000 miles away. At one time it was considered the newest and funniest thing in the way of a joke to refer to San Diego as the city with only a "bay" and a "climate." San Diego sat back and let the other fellow talk until the world began to believe she really had a bay and climate, the very best stock in trade any city could lay claim to. Thus have they been able to turn the jibes and jeers into ready cash, as it were, and the way the city is chasing itself across the hills toward La Jolla, Mesa Grande and Escondido would make a jack rabbit look like a burro train on an up-grade.

But what has all this to do with Orange county and her fertile soils? She, too, has awakened from a long, silent slumber, and is being groomed for the hurdle. It is said "Opportunity" knocks but once. Isn't that enough? Who wants to be knocking all the time, or even allow opportunity to do so?

It is not alone that we have the bay and the climate, but we have the rich alluvial soil, the deep peat, and the fertile adobe. We have ransacked every nook and cranny of the globe, and have successfully trans-

planted therefrom the choicest fruits and flowers. From down under the equator we "fetched" that delicate, pineapple-flavored little fruit, the Prinos. And nearby, just over the border line in Peru, we captured the cherimoya. Our explorations extended all through the lent varieties down in tropical America. We also captured some excellent varieties down in tropical America. We followed on around the equator to Japan, and had the good fortune to discover a few loquats and persimmons, which, after proper breeding and hybridizing, have set a pace for excellence never dreamed of in their native heath.

Prof. Myers was just "nosin'" around in the unexplored regions of China when he accidentally stumbled onto a rare, corrugated persimmon, which I believe is destined to transfer a great deal of genuine wealth and pleasure to Orange county. The guava is native to many parts of the tropical zone, and the septoria habitat is central Mexico. We get our supply of citron from Italy, and we pay them in cold cash from two to three millions annually for a relish we should be producing at home. Just think of the happy hours we could buy with those two or three millions, and how infinitely more appetizing the prepared goods would be if they were put up and handled by our own sweet, sanitary American girls.

Our first experiments in processing the citron fell on sterile soil, and the results were not remunerative, but mayhap better success will crown our second efforts and then another jewel will have been placed in our crown. Give me the storm and excitement of attempting to accomplish something, rather than the idle inaction of despair. Two failures is better than to have never tried. Its better far to mount a "hobby" horse and try to go, than sit around and mope. One of these sunny afternoons some one will pick up the raveled threads and weave a finished garment out of the citron industry.

Orange county can furnish the uncut diamond, who has the lapidary?

We are indebted to the Franciscan Monks for the rich, succulent olive. No other fruit grown furnishes more of the life-giving nectar than the olive, and there is none other whose medicinal virtues are less known. The women of Spain owe much of their rare beauty and splendid physique to their liberal use of the olive as an every day diet. No place in the world does this rich succulent health-fruit attain a higher degree of perfection than in the fertile little county of Orange. But here I am—rambling forever—forever ruminating, when my first object was to tell you of the big show, and those who contributed to make it a success. If I were to "chip off" all others and leave the name of Lewis W. Buckley, there would still be enough left to write its history from. Mr. Buckley possesses all the essentials for the making of a successful exposition, here or elsewhere, and you can take my voucher for it.

D. W. McDANNALD.

ALL STOMACH MISERY ENDED

No Indigestion, Gas, Heartburn
or Dyspepsia Five Min-
utes Later

The question as to how long you are going to continue a sufferer from Indigestion, Dyspepsia or out-of-order Stomach is merely a matter of how soon you begin taking some Diapiesin.

If your Stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a re-enforcement of digestive agents, such as are naturally at work in the stomach.

People with weak Stomachs should take a little Diapiesin occasionally, and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, sour risings, Gas on Stomach or Belching of undigested food, Headaches, Dizziness or Sick Stomach, and, besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved in five minutes after taking a little Diapiesin.

Go to your druggist and get a 50-cent case of Pope's Diapiesin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

S. A. H. S. BASE BALL TEAM VS. WHITTIER

Santa Ana Lads Have Ear-
Marks of Champions; Will
Make Big Try for Laurels

With all the ear-marks of champions, the Santa Ana High School baseball team will take a trip to Whittier on Wednesday to carry away some more honors. The Santa Ana boys have been in strict training and under the eye of Coach Ratcliffe and have developed into a strong team, each man working in harmony with the other. The fact that there are several veteran players on the team is quite an advantage to the local boys.

The boys expect to win the championship this year, and from the looks of the work they have been doing, the prospects are pretty good. Barker, the pitcher, is fast developing into a good, strong man. With plenty of "dope" behind the ball he delivers, he has been making good, but with more practice it is said he will be right there with the "twirling."

Manager Morrison has arranged for the team to be taken to Whittier in Automobiles. The boys will leave here about 1 o'clock, and the game will be called at 3 p.m., sharp.

As the league has not yet opened, this will be a try-out game. Whittier has a pretty fair team, and the game is expected to be interesting. Anyone who can accompany the team will be cordially welcomed.

BICYCLES RETURNED TO THEIR OWNERS

Constable Jackson yesterday recovered two bicycles stolen Sunday afternoon on East Fourth street, one from C. T. Johnson and one from Culter of Orange. The bicycles were found in the stock yard near the Santa Fe depot, where they evidently had been "ditched" by those who had stolen them for a ride.

Since Jan. 1, Constable Jackson has picked up forty-three bicycles that have been abandoned by persons who stole them or have been taken from persons known to have stolen them. Jackson has ten of the bicycles still in his possession for which owners have not been found. He has bicycles and parts of bicycles of various descriptions, enough to start a small second-hand bicycle shop.

Y.M.C.A. BASKET BALL GAMES ON TONIGHT

The Y. M. C. A. basketball teams will play two games on the French street grounds tonight. This will be one of the best games as only one more of the series will be played.

The first game will be called at 7:30 and will be played by the Presbyterians and United Presbyterians. The second game opens at 8:30 and will be between the Congregationalists and First Methodists teams. Everybody is invited to these games. No charges or collections taken.

ECZEMA? TRY ZEMO

Yes, try Zemo. That's all you need to get rid of worst case of eczema. You take no chance, it is no experiment. Zemo is positively guaranteed to stop itching, rash, raw, bleeding eczema, make a pimply face smooth and clean. Zemo is a wonder and the minute applied it sinks in, vanishes, leaves no evidence, doesn't stick, no grease, just a pure, clean, wonderful liquid and it cures. This is guaranteed. Try one 25 cent bottle and be convinced. Wheeler and Matzer's Drug Store.

EX-CONVICTS LIVE IN SHADOW OF SUSPICION AFTER RELEASE— SMALL ENCOURAGEMENT TO RISE

NEW YORK, March 15.—"It's hard for an ex-convict to keep out of jail. They go back to jail for crimes with which they have no connection just because suspicion readily attaches to them after they have once seen the interior of prison walls. Juries that otherwise might require stronger evidence are ready to accept the most flimsy."

"Billy" McQuere, a stocky, grey-haired individual, sat in the office of the Living Waters Mission on the Bowery. Day after day, Billy listens to the stories of the ex-convicts who drop in at the little mission, and then he tries to reform them.

"The stories these fellows have to tell are enough to keep you awake every night. They would keep me awake only I've lived the same story myself. John Hollis had to leave this mission because of the strain of nine years spent in trying to help the fellows along the Bowery to their feet. What ugliness and hatred they feel for the society that sends them to prison for crimes uncommitted, is kept in their souls and not often put in words," said McQuere.

"Suspicion readily attaches itself to an ex-convict. When a fellow once gets a shove downward, seems as though he can't get on his feet again. There's always somebody there with the push, but it's generally the wrong way! Then, too, there's the police department whose business is to send men to jail. Something happens, the 'cops' get busy and round up all the fellows they know have 'done time.' There may be a flaw in the alibi of several. Whether they know anything about the crime or not they are rushed off to Sing Sing.

"One crime is as good as another to go to jail for. A professional thief of the middle class thinks he is doing well to have a 'run' of a year without going to jail.

"Many a poor fellow has been railroaded to prison. Remember that case of Owney Brune, who was supposed to be the leader of the Whyogans? Owney wasn't a crook, though he never had a chance to be anything else.

"One day he was in a store next door to a saloon, playin' cards, I think. He went through the hall connecting the two places to ask the barkeeper to lend him \$5. He was refused and went back to the card table. Just then, the barkeeper fell with a bullet in his groin. Owney stepped out of the hall. The police nabbed him. He was sentenced to seven and a half in Sing Sing.

"Owney didn't shoot the bartender. He comes in the class of ex-convicts because he was a suspicious character. The man who fired that shot is in the Living Waters Mission today. He's straight now. I'm not giving his name away for reasons enough.

"Joe Burns was a truck driver in the Eighth ward. He wasn't a professional thief. But anyway, he as-

sociated with thieves. There was a burglary in King street in a woman's apartment. Joe was in the neighborhood that same afternoon. He was arrested and served about eight years for that crime. Before he was released, it was found that the woman's two sons had done the work themselves. They were sent up, I think for some job in another connection.

"Burns tried to keep straight after being released, but drifted naturally into the old surroundings. While walking home one night, a woman with him, he stumbled over the foot of a saloonkeeper who was fastening down the cellar door with a clamp. The saloonkeeper, who was known for his terrible temper, sailed into Joe. He was a big fellow. Joe was slight. He was beating Joe unmercifully when Joe pulled a knife and stabbed him in the abdomen. Joe disappeared. Positive it was a case of self-defense, Joe surrendered to Inspector McLaughlin.

"The saloonkeeper recovered, but caught cold and died. Joe was sentenced to twenty years for manslaughter. I believe that if Joe had not been an ex-convict he would have been freed."

Easter's Coming Soon

GLAD EASTER WILL SOON DEMAND A NEW COSTUME. WE ARE SHOWING CHIC COSTUME SPECIALS NOT TO BE FOUND ELSEWHERE IN THIS CITY. WE HANDLE EXCLUSIVE MODELS. BUY YOUR OUTFIT FROM US AND KNOW THAT "EVERYONE" WILL NOT BE WEARING THE SAME THING AS YOU.

IF YOU WISH TO MAKE YOUR EASTER CLOTHES, IS IT NOT HIGH TIME YOU WERE SELECTING THE MATERIALS? WE HAVE ALL THE NEWEST FABRICS AND WE INVITE YOU TO LET US SHOW THEM TO YOU.

Beautiful Silk Costumes

ELEGANT SILK POPLIN COSTUMES are among the best we show for Spring. We have an exceptionally beautiful model in lavender, made of satin bordered material with stenciled roses; over-skirt trimmed in silk fringe; drop of same material. An exclusive model priced at \$25.00.

SILK CHIFFON COSTUME, elegantly made and trimmed, with silk mull drop, all white, low neck and short sleeve, at only \$30.00.

SOFT SATIN COSTUMES, in pink and in white trimmed in fine quality torchon, exclusive models, priced at only \$17.00.

WHAT A PRETTY LINE OF DRESSES! This is exactly what you would say if you should see these dainty new garments—in the prettiest of silks, blues, pinks, lavender, green, gray, stripes or plain, and fine wool serges. They are cut in chic new styles, dutch neck and short sleeve, tastefully trimmed. And most of them show the new, high waist line that is so becoming.

AND HOW REASONABLY THEY ARE PRICED! The serge dresses cost only \$6.00, or \$10.00 for the nicest ones; and silk dresses can be had for \$12.00, \$13.50, or \$15.00. It certainly does not pay to bother with having them made when you can get individual models so well made for so little money.

THE MEN AND WOMEN Who Enjoy the Choicest Products of the World's Commerce.

Knowledge of What is Best—More Important
Than Wealth Without It.

It must be apparent to every one that qualities of the highest order are necessary to enable the best of the products of modern commerce to attain to universal acceptance. However loudly heralded, they may not hope for world-wide pre-eminence unless they meet with the general approval, not of individuals only, but of the many who have the happy faculty of selecting and enjoying the choicest products. Their commendation, consequently, becomes important to others, since to meet the requirements of the well informed of all countries the methods of manufacture must be of the most perfect order and the combination the most excellent of its kind. After thirty years of general usage, Syrup of Figs and Elixir of Senna is everywhere accepted as the best of family laxatives. Its quality is due not only to the excellence of the laxative and carminative principles of plants known to act most beneficially on the system, but also to the method of manufacture of the California Fig Syrup Co., which ensures that uniformity and purity essential in a remedy intended for family use. It cleanses and sweetens the system effectually, when a laxative is needed, without any unpleasant after effects. To get the beneficial effects of Syrup of Figs and Elixir of Senna, buy of your druggist the genuine only, the full name of the Company—California Fig Syrup Co.—printed on the front of every package; one size only, price, 50 cents per bottle.

Trees Trees

The best trees are the cheapest trees. Mine are all the best buds and grafts, being selected from parent trees that are the best specimens of their kind.

Walnuts grafted on black and soft roots, oranges, lemons, peaches, plums, pears, apricots, everything. Choice large trees. It costs you nothing to see them.

MEMBER OF THE UNITED PRESS

Entered in the Postoffice in Santa Ana, Cal., as second-class matter.

REGISTER TODAY

Have you registered? If not, why not?

The last day for registering for the presidential preference primary will be April 13. You should vote in that election. It's worth while. It is your duty, and should be your pleasure. The man who, because of lack of interest or trivial excuse, fails to vote, does not deserve citizenship.

Read the history of the world and note how many hundreds of years the struggle for the ballot went on! How many millions died in many lands to win a part in government! We who hold aloft the torch of liberty to a wondering world, must needs practice what we preach, and exercise that franchise for whose winning our fathers died. To neglect to vote is to deny one's manhood. Not to register may mean you cannot vote.

SAN DIEGO REDEEMED

In past years, under ordinary circumstances, San Diego was always counted upon as a stronghold of the old political machine. But times have changed. The Progressive spirit has taken hold of the people there; they approve of the administration of Governor Johnson in the state, and they look to a Progressive national administration for equally laudable results.

Consequently there is an overwhelming Roosevelt sentiment, not only among the rank and file of the people one meets in the street, but also among the leading business men.

As a test of the feeling, at a recent meeting the real estate dealers took a straw ballot. According to the reports given out after their deliberations, 27 declared in favor of Roosevelt, and only two in favor of Taft.

Many other test votes, taken in various places, have shown Roosevelt strong favorite.

It is confidently predicted that when the primary votes are counted on May 14th, San Diego county will be found to have gone for Roosevelt by heavy odds.

THE WOMEN ARE "WISE"

"I cannot understand," said one of the women who registered yesterday as a Roosevelt Progressive, "why the machine leaders should at this time be making such coaxing overtures to the women voters. For session after session of the legislature, when the machine was in power, we sought to have an equal suffrage amendment submitted to the people. We were met always by tricky methods; sometimes they sneered at us; sometimes they gave us fair assurances. But invariably they failed to grant our request. It was not until a Progressive legislature and a Progressive governor were elected that our plea was given a favorable hearing and our request granted. When the matter went to the people, the Progressives as a class worked for our cause. The machine men, with but few exceptions, did all they could to defeat us. The Progressive newspapers were our friends; the Reactionary newspapers (excepting a very few) were our bitterest enemies. Now we have won the right to vote, the Reactionaries claim our co-operation—but they will not receive it.

"Furthermore, we tried for years to secure legislation favorable to our sex. The story was the same. Reactionaries blocked and thwarted us. The Progressives gave us an eight-hour law for women workers—a law which will operate and is operating to the everlasting welfare of society in California.

"At its special session the legislature, now Progressive, enacted statutes eradicating many former inequalities of the law as bearing upon the two sexes. That legislature also gave us a law making it easy for women to register. The elimination of the question of age is a splendid protection to working women.

"In short, the Progressives have shown us every consideration; and their actions have measured up to and beyond their promises. The Reactionaries, when in power, gave us nothing. If I possess any power of logical reasoning, I see clearly that it is not only my duty, in the political sense, but it is to my interest as a woman, in the strictly practical sense, to uphold the Progressive cause, not only in state but in nation."

If the Taft managers are not afraid of a direct presidential primary why don't they "quibble" and invite it? If the people are with Taft for second term why don't Taft's managers give the people the chance of saying so.

CURRENT COMMENT

Washington landlords who have Uncle Sam on their rent rolls are quaking in their boots as the result of the attack begun by Representatives Fitzgerald and Levy, of New York, on the size of the government's rent bill. The government pays nearly \$600,000 a year for buildings that are out-of-date and inadequate. Part of one building occupied by the Forest Bureau costs a yearly rental of \$25,000. It is assessed at \$138,000, which shows how highly Washington landlords regard Uncle Sam as a tenant.

John Barrett, director general of the Pan-American Union, which was organized to cement closer trade relations with the South American republics, holds that it would be the limit of folly for the United States to intervene in the present crisis in Mexico. Such action would be a staggering blow to our commerce and prestige, would nullify half the benefits of the Panama canal and play into the hands of our competitors for the world's trade, declares Mr. Barrett.

Clara Barton, founder of the Red Cross Society, is again said to be near death at her home here. Miss Barton passed her ninetieth birthday on last Christmas day. She has rallied several times since then, but her life is now despaired of.

Senator Works, of California, has joined those who are criticizing President Taft's political tours. He describes the spectacle of the President traveling through the country urging his own re-election as "humiliating to the American people," and "a wholly inexcusable custom," by which the office of President of the United States is brought down to the level of self-seeking politics.

Brig. Gen. Clarence Edwards, who was called before the House committee investigating the political activities of Maj. Beecher B. Ray in connection with the Taft campaign, is the President's closest "chum" and his chief opponent on the golf links. He also forsakes his desk as head of the Bureau of Insular Affairs when the President wants a riding companion.

The Children of the Confederacy is the name of a new society just organized in Washington as an auxiliary to the United Daughters of the Confederacy. Its object is to foster love for the South.

MARYLAND IS FOR ROOSEVELT, SAYS SENATOR DIXON

Senator Dixon is quoted as saying, the other day:

"I was present at a meeting of more than two hundred representative Republican leaders from all sections of the state of Maryland at Baltimore last night, at which there was a general discussion of the progressive campaign. The view was unanimous that the election of a solid Roosevelt delegation to the Republican national convention was assured.

"There is a bill pending in the legislature now providing for a presidential preference primary. It is opposed by the organization of both parties but the sentiment of the voters of the state is overwhelmingly in favor of its enactment, and the pressure of public sentiment upon the legislature is practically certain to overcome the opposition of the machines. There is no question whatever as to the presidential preference of the great majority of the Republican voters of Maryland and it will manifest itself in the selection of the delegation."

CITRUS REPORT IS PUBLIC DOCUMENT

U. S. Agricultural Department Adopts California's Data to be Authoritative

WASHINGTON, March 19.—The Department of Agriculture has adopted the report of the cost of growing, transporting and selling oranges compiled by G. Harold Powell of California, and recently published on the coast, and is now issuing the report as a public document.

The report shows what it costs to produce oranges on the ranches, what the yield is per acre, how much the picking, packing and sorting costs, and what it costs to transport the fruit to market and sell it.

U. S. TO SURVEY HARBOR
WASHINGTON, March 19.—The government survey for improvements at Crescent City harbor will be acted on this spring, according to assurances made to Representative Raker yesterday by the army board for rivers and harbors.

THE GREAT CONSERVATION MOVEMENT

The time will come when it will be recognized that the greatest policy which Roosevelt inspired found its expression in the national conservation movement.

It was a new conception; Roosevelt had to invent the very name as well as the program of the movement. In the beginning, it was so big and ambitious that unimaginative people regarded it as impracticable. But Roosevelt found means with which to precipitate it into the realm of the practical. He called the first conference of governors, and with them brought together a body of leaders in national thought, men with minds and conceptions broad enough to understand what he was trying to do. Out of this gathering grew not only the organization of the House of Governors, but also a substantial development of sentiment in favor of the most practical measures for the conservation of national resources.

To Roosevelt, and to the movement as it developed under Roosevelt's leadership, conservation was anything but a vague and shadowy proposition. It contemplated getting out of the soil the largest possible yield of corn, wheat, and cotton, and at the same time preserving most effectively the producing capacity of the land. It had purposed to utilize the national waterways for both navigation and power, and to assure that these facilities should be provided to the public at reasonable rates.

It looked to the preservation of the public domain in the public interest, so that its exploitation by private interests for private profit should be

stopped. It designed not only to save our remaining forests, but, so far as possible, to restore those already too recklessly destroyed. It contemplated greater efficiency and economy in mining operations, that our coal supplies might last longer. In short, it took cognizance of the national tendency toward extravagance, and brought the nation up with a sharp turn to a realization that its excesses, if continued, must ultimately reduce its economic level to that of the rest of the world.

Part and parcel of the Roosevelt conservation program was the withdrawal of a vast area from the open public domain, and its addition to the forest reserves, under conditions which made it impossible for private exploiters to secure title to it. In line of this policy, he transferred no less than one hundred and forty million acres from the public domain to the forest reserves.

There was bitter hostility on the part of private interests that wanted these lands, and their withdrawal from the market was repeatedly denounced as illegal and unconstitutional. But Mr. Roosevelt stood firmly by his proposition that the public was entitled to first consideration in administering the public domain, and his policy has been vindicated not only by public opinion, but by the action of his successor, who has added nearly three million acres to the hundred and forty millions that Roosevelt put into the forest reserves.

In like fashion Mr. Roosevelt withdrew very considerable areas in order to protect water-powers within the public domains.

Our Washington Letter

WASHINGTON, March 15.—The political campaign—in Washington at least—is in the hysterical stage. Wild charges of trust financial aid by the Republicans, and wild charges of forestry and corruption have been matched by the efforts of the Harmon boomers to show up the governor of Ohio as a "line-out" of a hymn; by the Clarkites to show that the Speaker is such a good Campbellite that squads of ministers of that denomination are going to Kansas to secure a united delegation for Champ.

At every headquarters are several men who are trying to induce the regular reporters to print the woolest stuff about what some unheard of man said about their boss.

It was thought that the sublimity of ridiculousness had been attained when the Clark folks, despite the order of the Speaker, began to try to make the "Houn' Dawg" song the national anthem, but the Harmon press agency set a new mark with "sob stuff" about the governor as a choir leader.

In great detail the canned story told about how the governor, who, according to the tale, is affectionately called "Uncle Jud," was brought up as a Baptist by his preacher father and how at one farmers' meeting the governor talked himself out. Some one yelled out a request that he lead a hymn.

Distraught of his memory, the governor started: "Blessed Be the Tie That Binds." The governor is quoted as saying that he might have been shown up as having a poor memory but for the grand chorus that drowned his voice.

A Marine Corps metamorphosis is being planned by a board of U. S. Marine officers to change the winter uniform of the sea-soldiers.

Dark olive-gray uniforms are recommended to succeed the present olive-drab garments. The uniforms are to have nobby "pimples" of red, and are cut along lines of the very latest service fashion.

Disappearance of the familiar light-blue, tight-fitting overcoats of the marines is also considered. It is planned to substitute "forestry" cloth top coats of color like the new uniform.

Probably, also, the present full-dress uniforms of the marines, which are worn only on shipboard on state occasions, will be thrown on the scrap pile, and the present undress uniform of dark blue blouse and light trousers, used for field dress.

Dark, somber mahogany doors and the imposing frames thereof afford entrance to the rooms of senators in the ornate marble office building, have an awesome effect upon strange unfamiliar with the custom in calling at these offices.

Each senator has two rooms, one for his secretary and stenographer, the door of which bears on a bronze plate a number and his name. Connecting is the private office of the

senator, also with a door opening into the hallway, but with no sign as to the identity of the occupant.

Big men from the home state who expect and receive distinguished consideration from the statesmen usually make visits of a couple of hours to busy senators, who, they believe, have abundant time for the entertainment of friends, in many cases rap on the labelled door. Strangers interested in bills and other callers also tap on the door to the secretary's room. Regulars stalk into the presence of the secretary without ceremony.

To remove the impression of exclusiveness that seems to be in the minds of persons just arrived in Washington and to save interruption in the work of employees obliged to respond, several senators have resorted to the use of signs.

Senator Dixon, of Montana, is the pioneer in this respect and for years has had a big placard on his door, inscribed: "Senator Dixon's Office Walk In."

Recently Senator Martin, of Virginia, fell into line by nailing on his door a card, four by six, bearing the legend, "Walk In."

Senator Chilton, of West Virginia, displays a printed card neatly decorated, which exerts the wayfarer to "Come In Without Knocking; and Leave the Same Way."

A large number of militia officers from nearly every state in the union is expected to report at the College Park, Md., aviation school when experiments with the government's aeroplanes are resumed in April. War Department officials are expecting great results from the aerial squadron and elaborate preparations are being made at the "school."

It is probable that the War Department will have three new officers ready for detail at the aviation school by April. Already, the men have been selected, but as yet no word has been given by the Department as to whether or not they would agree to become aviators. Unless an officer consents to take up aviation work, the Department will not compel him.

Harry Gammett, of Cleveland, Ohio, who is in San Diego, Cal., will resume his experiments with the "ornithopter" in the near future. Gammett insists that too much power is being wasted in operating machines and that the ornithopter will carry as much weight with nine or ten horse-power as other aeroplanes will with 75.

The Girl That Disappears
Miss Pauline Boylan, who gave a talk on the White Slave Traffic of America last night at the Dixie, presents her statements in a lucid, forceful manner. She explains where the young girls who annually disappear go. Who is she? Who is responsible?

PINCHOT PRAISES CANDIDATE CUTTLE

In response to his telegram announcing his candidacy for Congress, Francis Cuttle has received from Gifford Pinchot the following letter:

Gifford Pinchot
1617 Rhode Island Ave.,
Washington, D. C.

March 11th, 1912.

Mr. Francis Cuttle,
Riverside, Calif.

Dear Mr. Cuttle: Your telegram announcing your candidacy is received. I am glad to get the news. Your fine work for the conservation of natural resources in California, and the way you have stood by the Forest Service in its fights, naturally incline me to wish you every success, and I do so with the greatest pleasure. If more men with records of unselfish public service like your own would run for Congress, it would be better for the country.

Sincerely yours,
GIFFORD PINCHOT.

CALLS A MEETING DISCUSS CHARTER

Committee to Hold a Meeting in Santa Ana Next Friday Afternoon

A meeting of the committee which was appointed at the last meeting of the Associated Chambers of Commerce to outline plans of a commission-form of government for the county is called for next Friday afternoon at 2:30 p.m., in the rooms of the Chamber of Commerce at Santa Ana. The meeting is called by the chairman of the committee, A. A. Mills of Anaheim, and at this meeting an outline scheme for such a form of government will be drawn up ready for presentation to the Associated Chambers of Commerce at its next regular meeting, which comes a week from next Wednesday in the Chamber of Commerce rooms in Santa Ana.

The members of the committee are A. A. Mills, Anaheim, chairman; A. L. Reed, Huntington Beach; J. A. Knapp, Garden Grove; A. T. Stewart, Fullerton; W. A. Zimmerman, Santa Ana.

FALLING HAIR Itching Scalp and Dandruff are Unnecessary

If you want to prevent baldness stop falling hair and itching scalp, and banish every trace of dandruff from your scalp, get a large 50-cent bottle of PARISHIAN SAGE today.

You never used a more delightful hair dressing in all your life. Every drop in the bottle is filled with hair growing virtue.

PARISHIAN SAGE causes the hair to grow profusely and imparts to it a luster and radiance that cannot fail to attract favorable comment.

It is guaranteed by the Rowley Drug Company to stop falling hair, itching scalp and dandruff, or money back. It kills the dandruff germ and keeps the hair full of life and youthful vigor. Large bottle 50 cents at the Rowley Drug Company and drug stores everywhere. The girl with the Auburn hair is on every bottle and carton.

WOMEN ACTIVE FOR PRIMARY LIBERTY

Aid Roosevelt Forces in Fight for Presidential Preference Expression

CHICAGO, March 19.—Woman suffrage supporters have joined the Roosevelt forces here in the fight to keep Judge Widnes from reversing the order of County Judge Owens permitting a presidential preference expression at the county primaries, April 9. They realize that if the presidential preference vote is knocked out, the suffrage question also will be relieved of a place on the ballot. The case, set for yesterday, was continued until Wednesday. Members of the suffrage club will aid the women.

One of the campaign methods of the women will be to deliver speeches at all the theaters between the acts. Plans were made at a meeting yesterday to have committees of 100 women each attend both the Chicago and the Baltimore conventions and demand suffrage planks in both the national platforms.

VICTOR HODGE HAS THE MAKINGS OF SPEED CHAMPION

LOS ANGELES, March 19.—Victor Hodge of San Bernardino, crack 440-yard man of the University of Southern California, has in him the makings of a champion, according to Walter, veteran trainer of the University of California squad. Before leaving for Berkeley, Hodge said: "This man Hodge is a wonder. I only hope his coach won't work him to death. He's too young yet to be forced, and if they take care of him he may develop into the greatest quarter-mile coast has ever produced. He opened my eyes when he ran away from our speedy man Meyer Saturday. I'd give a lot to get a man of his stamp at California."

The quality of our work is unequalled. The People's New Laundry, 901 E. Fifth St. Both phones.

Doings in Social and Club Circles

TRAVELERS' CLUB

Ladies Found More Charm in Delightful Surroundings Than in Studying

Really the new house and its beautiful furnishings were so attractive to the members of the Travelers' Club of the Ebell Society meeting yesterday afternoon at the recently completed residence of Mrs. J. W. Bishop on North Main street, that it was beyond reason to expect any serious study to be consummated during the afternoon. The ladies really did make an effort to learn something about the customs of China from the Geographical Magazine, but their eyes kept wandering about the beautiful rooms, and their minds found it far more agreeable to study the harmony of colors presented by the handsome draperies, elegant soft-toned rugs and tints of furnishings of the Bishop home than to delve into the ways of far-off orientals. And who can blame them?

So it was only a question of a short time when even the pretense of study was given over, and under the guidance of the hostess, a delightful trip of exploration was made over the lovely new home.

Then later, a delicious little feast was served in the rose-colored dining room, a long table set in the spacious apartment revealing the same rose tint as far as was possible in its appointments and decorations. Through rose-colored shades, a melting radiance of electric lights flooded the room from which rose-colored draperies excluded the daylight. Covers for eighteen were laid and from the delectable plates to the after-dinner coffee, there was a busy hum of chat and enthusiastic words of praise for the pretty environment. The afternoon passed all too swiftly, and good-byes were said reluctantly. The ladies of this club will next meet at the residence of Mrs. Linn L. Shaw where the readings of the Dr. Ellis lectures will begin.

Parliamentarians to Meet

The Parliamentary Section of the Ebell will meet Thursday afternoon at 2:30 o'clock with Mrs. George Smith, 916 French street.

Euterpean Society

This society will meet tonight at the Congregational church at 7:45 o'clock. An interesting program will be presented by efficient members of the club.

Missionary Meeting

The Women's Foreign Missionary Society of the First Methodist church will meet at 2:30 o'clock tomorrow afternoon at the church. The text book, "Light of the World," will be used and the subject will be " Mohammedanism." Miss Allen will be in charge of the meeting.

The Conservatory keeps right on growing. New pupils enroll daily and the old ones are mostly the kind that stick. In other words they succeed, for it requires perseverance to win in anything.

When our pupils move away, as they sometimes do, they write us kindly messages of good will and appreciation.

Everyone at the Conservatory is trying to do his work as well as he can, and keeps his aim on the ideal mark.

Better join us!

1. O. O. F. BUILDING SANTA ANA

COMMENCEMENT GOWNS

The example set by the 1912 "sweet girl" graduates-to-be of Santa Ana High School in resolving to taboo expensive graduating dresses bids fair to become popular.

The girls of Senior A class of the Los Angeles High School yesterday passed the following resolution:

"Resolved, That all silk and satin material and all expensive trimming and lace shall be eliminated from the commencement dresses; and that simple wash material shall be the vogue."

The action was in accord with advice given the class by Mrs. Sarah Dodson, vice principal, who praised simplicity in high school commencement gowns, declaring that elaborate materials and extreme in style in such a case are not in good taste.

"TRAVELERS TRAVELED"

Women of Ebell Travel Club Made Mental Trip Over Parts of Two Fair States

(Reported by a Mere Man)

The second Section of the Ebell Travel Club met yesterday afternoon with Mrs. E. W. Baker. There was a good attendance, and the afternoon was full of interest and instruction. The travelers traveled—never mind the juxtaposition of travelers and traveled; that's who they were and what they did—the travelers traveled over Southern California and Arizona. Now wouldn't that jostle the flowers on your Aunt Mary's "Dummkopf"?

But they could have gone farther afield and fared much worse. "See America first!"

"See California first!"

"See California first!"

And then see Arizona—or Central California—or Northern California; or any old "Utland."

Well, to get back to Santa Ana, Mrs. A. L. Cole read, and led the discussion, with grace and gumption. If anything else happened the Register hasn't heard of it, but its safe bet—no wonder—no guess that those ladies had a delightful afternoon, and learned something.

Ladies Were Guests

The Men's Brotherhood of the United Presbyterian church last night entertained the ladies of the church in the church parlors. Speeches were made by Messrs. Dean, Garrett and Collins and fine piano solos were heard.

Refreshments followed the program and a social hour was enjoyed.

Card of Thanks

I wish to thank my friends who so loyally assisted me during the recent automobile contest. Although I did not receive the automobile, I am much pleased with the sewing machine which I received as fourth prize.

DIED

PALMER—In Santa Ana, Monday, March 18, 1912, at the residence of his brother, U. D. Palmer, on North Bush street, D. L. Palmer, aged 52 years.

—Funeral from Mills & Winbigler's chapel at 2 o'clock Wednesday, Rev. Otto S. Russell will conduct the service. Interment in Santa Ana cemetery. Deceased has spent about three months in Santa Ana.

STUDENT RECITAL

Memory Work of Miss Howell's Music Pupils Noticeable Feature of Program

Some of the pupils of Miss Howell's music class gave a recital Saturday afternoon at the home of Miss Paul on Spurgeon street. The young people acquitted themselves most creditably. Their precision and delicacy of touch reflected great credit upon the earnest efforts of their instructor. One noticeable feature was the memory work of the pupils, all the single numbers, with two exceptions, being played without notes.

The social part of the recital was a pleasing close to the afternoon. Dainty refreshments were served at the conclusion of the program which was as follows:

When I Rise at Early Morn—(Pach-er).....Vivian Newman
Serenade Amoreuse—(Alfred Kol-ster).....Vivian Newman
The Telegaph—(Theodore Gese-ler).....Catherine Schultz
Etelka—Dance de Ballet—(C. W. Krogman).....Lola Wilson
Trumpeters Serenade—(E. Spindler).....Beatrice Vesley
The Clock—(The Kullak).....Anita Cox
Evening Bulls—(Edwin Valle McIn-tyre).....Ethel Klatt

Personals

Miss Portia Gulick of Los Angeles was a house guest of Miss Anna Segers from Sunday.

W. L. Grant, 522 East Pine, left for Pasadena this morning on business.

Mrs. A. L. Dearing went to Los Angeles today to meet her brother, Rev. E. H. King, who is on his way home to Napa, after a visit with his son, Lyman M. King, editor of the Redlands Daily Facts. Mr. King was a visitor at the home of his sister, Mrs. Dearing, in this city several weeks ago and intended to return here, but a recent illness makes it advisable that he return home.

Mrs. Moon of Whittier, who has been visiting her sister, Mrs. J. D. Mills' daughter, Mrs. Caldwell and two sons, spent yesterday here with her mother.

Mr. and Mrs. George McIntosh, of Wisconsin, spent today with their old friends, Mr. and Mrs. W. J. Wells, of this city.

Among the recent arrivals to locate permanently in Santa Ana are O. Wray Humphrey, wife and child, from Hillsboro, Oregon. Mr. Humphrey is an abstract man of several years' experience, was a practicing attorney in Oregon, and he has become associated with the Abstract & Title Guaranty Company of this city.

Hugh Roberts and William How-nia for pleasure and spending much of their time in Santa Ana, left for San Diego today for the rest of the week.

Mr. and Mrs. M. D. Bellows boarded the 9:10 electric for Los Angeles this morning.

Miss Marcelle Madley traveled to the Angel City this forenoon via the trolley line.

Mr. and Mrs. Robert McEdden made a forenoon trip to Los Angeles today.

Mr. and Mrs. A. D. Bishop were out going passengers on a morning Los Angeles bound car.

Miss Nellie Fife of Seattle is the house guest of Mr. and Mrs. O. P. Hill. She is the head of a Japanese Women's Home in Seattle and is one of the few American women in this country who can speak Japanese. She was a missionary for several years in Japan.

WHITTIER WOMEN TO BE ELECTION OFFICIALS

WHITTIER, March 19.—Fourteen women named as election officials in municipal election April 8. The original list of officers consisted of all men, the women protested and the protest was heeded.

WOMEN'S VOICES CALM THE INSANE; THEY WILL RULE AT PATTON ASYLUM

Men as Attendants to Be Dispensed With, New Head Announces

"I have never seen patients so violent that they would not respond to the soft-spoken word of a woman. They yield to the gentler influence—the kindly command. As a result all of our male nurses are to be dismissed and their places filled by women."

The foregoing statement, made yesterday by Dr. J. A. Rely, the new superintendent of the Southern California Hospital at Patton, announces one of the most sweeping and radical departures ever undertaken by any state institution of the kind in the west.

Dr. Rely declares that his decision has been reached after years of experience in the handling of the mentally unbalanced.

"Women," he said, "have a better and gentler influence over patients. The insane are more amenable to the soft spoken word of the woman nurse, her kindness and her low spoken command than they are to the threats of the male nurse," continued the doctor.

"In the worst ward of the hospital at present, the receiving ward—where all cases are first taken, even the most violent, I have had a woman in charge since I took hold last January. She is the most successful of all my nurses. Never a patient leaves her section but continually asks for her and speaks lovingly of her. I have seen her quell the roughest men."

"With women in charge there will be less noise and rowdiness, for I have never found a man too insane to forget his respect for women. Of course the handling of patients will be done by the saner of the patients, so the nurses' duties will be that of direction only."

WRIGHT DENIES ANY TALK WITH TAFT

On Subject of Major Ray, Who is Under Charges of Political Activity

WASHINGTON, March 19.—Luke Wright, former governor general of the Philippines, is on record today with an emphatic denial that President Taft ever talked with him, of Major Beecher Ray, charges against whom a House Committee is investigating. Political activity on Ray's part is alleged.

Wright was in the Philippines while President Taft was secretary of war under Roosevelt's administration, and was supposed to be acquainted with Ray's alleged activities. Wright placed the blame for alleged delay in bringing the matter to the attention of the proper authorities on the shoulders of Major General Bell, former chief of staff of the Army.

If You are a Trifle Sensitive

About the size of your shoes, it's some satisfaction to know that many people can wear shoes a size smaller by shaking Allen's Foot-Ease, the antiseptic powder into them. Just the thing for Dancing Parties, Patent Leather Shoes, and for breaking in New Shoes. When rubbers or overshoes become necessary and your shoes pinch, Allen's Foot-Ease gives instant relief. Sold everywhere. 25c. Sample FREE. Address, Allen S. Olmsted, Le Roy, N. Y. Don't accept any substitute.

PREACH SERIES ON BUILDING CHARACTER

J. M. Lowe will preach at the First Christian church tonight on the subject, "The Right Foundation." This is the first of a series of sermons on character to be followed by a sermon Friday evening to young people, "The Open Door of Youth."

A large Monday-night audience greeted Mr. Lowe last evening to hear the sermon, "Will the Old Book Stand?" The sermon was replete with beautiful and true things concerning the Old Book. It was shown that the destruction of it was an impossibility. It is so intertwined in our social, political and ethical systems, to say nothing of the religious thought that it can not be destroyed.

The speaker said: "The Bible will stand; first, because it gives us a satisfied intellect. Questions that we all want to know are settled for ever by the Book. It came from the hearts of peasants and not from scholars; scholarship cannot destroy it. However some of the most profound scholars of Germany and America are devoted followers of the Old Book."

"It stands for a well rounded life. As well argue that the unfortunate imbecile is the goal of intellect as to argue that man without God and the Bible is a well developed human life."

"It stands for a trusting and satisfied heart. What is life worth if the heart is not happy. Can you conceive of happiness without a trust in Jesus. How much happiness did Caesar have? How much was in the possession of the Greek philosophers? Many of them committed suicide. They did not need intellect, they needed a satisfied heart."

PACKERS' LAWYERS OPEN ARGUMENTS FOR DEFENSE

CHICAGO, March 19.—Attorney George Buckingham opened defense arguments for Armour and other millionaire packers now on trial in the Federal court for alleged criminal conspiracy under the Sherman law. He analyzed the government's evidence. He will be followed by Attorney Borders for the defense.

PLAYED CHECKERS WITH EYES SHUT

A number of local checker-players have been playing games with Expert Banks, who is paid \$10 a day to put the local men through the hardest kind of games. Yesterday the expert was blindfolded, and he played four games by having the numbers called to him. He kept all four games in his head, directing by numbers the moves he should make, and he won all four games. He offered to play eight games at once while blindfolded.

Some of the local players have been pondering over the figures shown in a match in which Ned Scott defeated the expert, and the conclusion seems to be that the expert had a lapse from his usual acuteness. Checker-players can figure it out for themselves, for the moves follow:

11-15; 23-19; 8-11; 22-17; 9-13; 17-14; 10-17; 21-14; 15-18; 21-20; 6-9; 28-24; 2-6; 25-21; 13-17; 19-15; 4-8; 26-23; 17-22; 14-10; 7-14; 15-10; 6-10; 23-19; 22-25.

WAPPENSTEIN TO PRISON

Supreme Court Affirms Ten Years Sentence for Former Seattle Chief of Police

OLYMPIA, Wash., March 19.—The Supreme court affirmed yesterday the conviction of Charles W. Wappenstein, former chief of police of Seattle, on a charge of accepting a bribe.

Wappenstein was sentenced to serve from three to ten years at hard labor at Walla Walla state prison.

AMALGAMATED STOCK RISING

Paid an Additional \$2 a Share Dividend and Started Things in the Market

FULLERTON, March 18.—The Amalgamated Oil Company, which operates in the northern field, but more particularly in the Fullerton field, has just declared an additional dividend of \$2 per share, which is to be paid March 25, 1912, and which is in addition to the regular bi-monthly dividend of \$1 a share. This puts the company on the best sort of footing for only at the one dollar dividend for every two months it would be paying six per cent on a valuation of \$100 a share. The market price has, however, until today, been about \$63, but on the stock exchange it jumped to \$67, while \$63 was bid. It was offered for \$67 and sold for \$65, and \$65 was then bid but there was no more offered for sale. This sudden raise is thought to be due to this extra dividend of \$2.

This company is especially of interest to this section as it is operating within two and one-half miles of Fullerton, on a direct line northeast, on the property of the Anaheim Union Water Company. At present this company has four wells from which it is now getting over 2000 barrels a day. One well, which is now going about 1500 barrels a day, it is estimated will run close to 3500 barrels a day. Last month the water company received \$4500 in royalties from this company.

MEXICAN GIRL BADLY BEATEN

FULLERTON, March 19.—Last Saturday night City Marshal Stone was called upon to protect a little seven-year-old Mexican girl from her mother, who for some reason or other had given the child a severe whipping, which blistered the little child's back.

The mother's name is Mrs. Ramirez, and she was arrested and lodged in the county jail yesterday. The little daughter, Agnes, was taken from the mother Saturday night and taken to the detention home Sunday. Probation officer Scott told Marshal Stone to come over and get the mother, which he did on a Mary Doe warrant, charging her with cruelty.

The first Marshal Stone knew of the severe whipping the little girl had received was when she came up town Saturday evening about 5:30 and was crying. When asked what was the matter she said her mother had given her a horse whipping.

The little girl said she was afraid to go home for her mother would kill her. She was taken to a neighbor's home, and her back was dressed. Sunday she was taken to the detention home.

When the mother was taken she claimed she did not whip the child. She was not intoxicated and her reason for such cruel treatment is not known. Her case has not yet been set.

PREPARING TRACT FOR HIGH SCHOOL

FULLERTON, March 19.—Work began yesterday preparing the Central tract for the construction of the new polytechnic high school. The walnut trees which are growing there will be dug up, and the contractors who have been notified that the injunction which was issued against the construction is now removed will begin work on the new building immediately.

—See Padgham's window for beautiful "Cloisonne" Enamel Jewelry.

ROYALTIES OF FEBRUARY LOW

Well n lease Needs Cleaning and Month Brought in Less Than January

ANAHEIM, March 19.—The secretary of the Anaheim Union Water Co. has received the report from the Amalgamated Oil Co., and the amount of the royalties for the month of February will be \$3702.31. The oil company pays the water company one-eighth royalty. The royalties for the month of January were \$4500, but this has been somewhat reduced owing to the fact that one of the wells needs to be cleaned out, and then it is expected to produce much heavier.

After the 15th of April the water company will not sell its oil to the Amalgamated, but will take its one-eighth royalty, and sell this to the Kellogg Oil Company at a higher price than it has been getting. The water company has put in several new pipe lines from its lease to the railroad. With this money which the company has received for oil numerous improvements are to be made in securing more water at a cheaper rate.

MINUTES OF WATER BOARD

ANAHEIM, March 19.—The Anaheim Union Water Co. board met in regular session on March 16, with all members present.

Mr. Beazley reported that he had investigated the complaint of W. A. Goodwin, and found the south branch ditch in very bad shape. As the property owners in this locality desire a 12 inch pipe line to be put in along-side of the present open ditch, and had agreed to pay two-thirds of the total cost of such a pipe line, it was moved by Bradford and seconded by Dwyer that the superintendent construct the pipe line. Carried.

Mr. Hale reported that Mr. F. Dunham had complained to him of the condition of the pipe line which crossed the road at the Carpenter place. On motion duly seconded and carried the superintendent was instructed to lay new pipe across the road.

Mr. Bradford reported that the contractors on P. P. No. 3 were making fair progress.

The superintendent reported that he had started work on the reservoir at P. P. No. 2.

Mr. Beazley reported that Mrs. Hetebrink would sign a deed for the proposed right of way through her property for a pipe line, but would not include a road in the deed.

Mr. McFadden suggested laying off half the ditch crew for a few days, as they were too far ahead of the pipe laying crew.

Applications on file for the transfer of stock were, on motion, granted.

Mr. Dwyer reported that Mr. Geo. Bauer requested a quit claim to a certain abandoned ditch on his property, and the secretary was instructed to notify Mr. Bauer to have a deed drawn up and present same to the board at its next meeting, when it would be considered.

A communication was received from the Placentia Volunteer Fire Company asking the A.U.W. Co. to contribute to a fund for the purchase of fire hose and other equipment.

A contract was received from the Santa Fe, which they requested the A.U.W. Co. to sign before they constructed the switch for the water company at Placentia. The oil committee did not think the switch as proposed by the railway company would be entirely satisfactory, and were given more time to look into the matter.

On motion of Sherwood, seconded by McFadden, the president and secretary were authorized to sign the contract with the Santa Fe Co. also a check in payment of the cost of said switch, whenever the oil committee was satisfied with the contract.

Mr. McFadden called the attention of the board to the condition of the north branch ditch along his north line. The superintendent was instructed to quit the work in Anaheim for a few days and make the necessary repairs on the ditch.

On motion of Dwyer, seconded by McFadden, Attorney Keach was authorized to bid for a franchise for an oil pipe line from the Amalgamated lease to Placentia.

On motion the meeting adjourned. WM. T. WALLOP, Sec'y.

Eagles' Meeting
ANAHEIM, March 19.—The Eagles had a very pleasant evening last night, and after the routine business two new members were admitted, having received the initiation. They were Harvey H. Holland and Henry Matthews. A luncheon was served after the meeting.

We have been trying since the 1st of January to catch up with orders for Irrigating Pipe and the recent rains have helped us, so that we are now ready to fill orders with but little delay and we expect to keep at it and be ready for the June rush.

We have a complete stock of corrugated iron and such other roofing material as needed. Among the several kinds of felt roofing on the market the article known as Rubberoid is the leader and we keep a complete stock of the several thicknesses on hand.

We have several other kinds in stock and sell them at lower prices—"you pay your money and take your choice"—

We can put on a good tin roof or a cheap tin roof and if the tin roof is kept painted it beats them all, except corrugated galvanized iron.

We have the biggest stock of Hardware and Plumbing goods found between Los Angeles and San Diego and a good many people know it.

For a Square Deal, see S. HILL & SON.

LOS ANGELES PRODUCE MARKET

Receipts of green vegetables showed a heavy increase, but a market gain in orders from outside points absorbed the extra supplies and prevented the market from showing any sharp break in values; fancy stock found a ready outlet at the highest quotations, and the cheaper grades were equally well cared for at the inside prices.

Strawberry rhubarb arrived more freely, and was offered at a lower standard of values. Fancy stock sold at the outside figure of \$1.50, while \$1 was about the low level.

Cauliflowers came to hand in liberal supply, but an increased outside demand forced the price up 15 cents per crate to \$2.

Green peas were easier, due to liberal receipts, the best stock sold at 7 cents per pound.

Asparagus showed no change in prices over last week. There was a good demand for No. 1 stock, and some choice offerings sold at 15 cents per pound. There was a wide range of prices during the day.

Mexican tomatoes were a shade easier, due to the quality of the offerings, and dealers only found a market for extra fancy stock at \$2.

The market for apples was without change. Trading continued restricted to the filling of orders and two-box orders, and in the absence of large sales prices were without quotable change. Stocks in storage continued sufficient to meet any sudden increase in the demand. Jonathans were best in call at the outside figure of \$2.50 on the four-tier size.

Receipts of strawberries were light, but there was little call for this luxury. The best stock was held at 17 cents per box.

The volume of business transacted in the citrus fruit market was light. Oranges were steady. Prices on fancy lots and on standard sizes were firm. Small sizes were easy with considerable stock on hand. In lemons there was no change, the market was inclined toward weakness, with a poor demand, and plentiful supplies on hand. Seedless grapefruit declined 50 cents per box, and sold on a \$4 level basis. Tangerines moved slowly with no change in prices.

The pea market recovered 1 cent over Saturday, due to light receipts. Canned stock sold at 24 cents, case counts at 21 cents, and seconds and pullets 19 and 18 cents, respectively. The market was only steady. Sales on change were at 21 cents. Receipts were 491 cases.

Butter was without change. There was a good demand for creamery stock at the prevailing figure of 32 1/2 cents per pound. Inferior grades were about steady at the old range of prices. Arrivals were 24,725 boxes.

Potatoes were steady. The market rates, with an active demand for all choice stock. Outside shipments were light. Arrivals were 4774 sacks. No onion receipts were reported in. The market ruled firm at \$3.75 on all varieties.

Fluctuations in prices of beans were within narrow limits, and quotations have shown very little change for some weeks. Business in this line,

Address: The Enterprise, Noblesville, Ind.

however, is active. Pinks are held firm at the old range of prices. Limes showed a little ease, owing to the improved future conditions following the heavy rains. Other varieties were quiet.

The sweet potato market showed no change. There was only a moderate call for choice stock at quoted prices. No receipts came to hand.

NOTICE TO VOTERS

The great Inland Empire county, for the year 1912, as well as every other county in the state of California, is now being compiled. All voters who expect to participate in the general election to be held on November 5, 1912, for the purpose of electing electors for president of the United States, and for certain state and county offices, must register on or before October 5. Registration closes for the state primary election April 15, and for the general state election on October 5. Elections for city offices in cities of the third class will be held April 15, and all voters who wish to vote at elections to be held in cities of the sixth class, which include the cities of Anaheim, Fullerton, Orange, Huntington, Newport Beach and Stanton, and whose names do not now appear on the register for the year 1912, must register on or before March 9. All voters in the above named cities containing more than one voting precinct and who have moved from one precinct to another in said cities, must re-register at once.

W. B. WILLIAMS, County Clerk.

BOARD OF SUPERVISORS

CONTRACT FOR
DRUGS GIVEN

Three Santa Ana Drug Stores
Were the Only Bidders for
Medicine Supply

This morning the Board of Supervisors received bids for drugs for the county, and awarded the contract to the Rowley Drug Company. Other bidders were Hatzfeld & Parsons and Wingood's Drug Store. The bids were on a long list of items made out by the county physician.

Bids Received
The Anaheim Union Water Company today bid \$100 and was awarded a franchise for an oil pipeline on Placentia avenue at Placentia. A \$1000 bond with R. J. McFadden and E. E. Beazley as sureties was accepted from the company.

Petitions Granted
The petitions of W. L. Russell for a pipeline across a road at Garden Grove, of V. V. Sweet for a pipeline at Buena Park and C. J. Klatt for a pipeline at Tustin were granted.

April 3 was set as the time for receiving bids for \$27,000 bonds recently voted by the Newport Beach school district.

A map of Cock's addition to Garden Grove was accepted.

Bids Received
Bids for furnishing a safe for the tax collector's office were referred to Supervisor Struck and Tax Collector Lamb for investigation. The bids were: Mosler Safe Company, \$775; Sweetzer & Baldwin Safe Company, \$1400; J. L. Davidson, \$875; Los Angeles Desk Company, \$850; A. F. Anderson Company, \$925.

Did Not Come Through
A resident of the section between Wintersburg and Huntington Beach stated to the supervisors that the Wintersburg school district did not vote a bond issue for the building of a new schoolhouse as the trustees had expected would be done. The promise made the residents of the section lying between the two towns was that if that were not done a new school district would be formed. The board this morning expressed its willingness to provide the new district at once if the law, which seems to prevent the formation of new districts except between October and Feb. 12, does not prohibit. The matter will be taken up with the district attorney.

SENT TO JAIL
TO THINK IT OVER

ANAHAIM, March 19.—Arthur Alumbaugh was yesterday sentenced to six months in the county jail to give him a much needed rest from liquor. Since the first of the month Alumbaugh has been in jail five times, for drunkenness, and always before he has got off with a fine or a short time in jail, but this time he will have an opportunity to forget it.

KEEPING PACE WITH COUNTY

Abstract and Title Guaranty
Company Held Annual
Meeting Yesterday

The stockholders of the Abstract and Title Guaranty Co. met yesterday at the office of the company at the corner of Main and Fifth streets and elected the following as the board of directors for the coming year: Dr. C. D. Ball, Mit Phillips, D. N. Kelly, J. Wiley Harris, H. C. Dawes, Henry T. Rutherford and H. C. Pixley. Mr. Kelly is the only new member on the directorate. Dr. C. D. Ball was chairman; president; D. N. Kelly, vice-president; J. Wiley Harris, secretary and manager; Mrs. W. T. Chapman, assistant secretary.

The business of the company during the past year was quite satisfactory, it being much in excess of that of any previous year, and keeping pace with the advance of the city and county.

The business of an abstract company like that of the banking institution is an index of the prosperity of the county, and the steady advance in business of the Abstract and Title Guaranty Co. indicates a most healthy growth of Orange County.

The operating department has just been strengthened by the addition in the force of employees of Mr. Wray Humphrey, former manager of the Forest Grove Abstract Co. in Washington county, Oregon, who has permanently located with his family in Santa Ana. Mr. Humphrey beside his former experience as an abstract man, served as deputy recorder and was a practicing attorney in his home town, and is specially qualified to fill the position to which he has been assigned in the Title department of this company.

PLANNING TO GET MEMBERS

The Secretary of Chamber of
Commerce Will Send Out
Postal Cards

"Are you a booster for Santa Ana and Orange County?" This pertinent question is being asked on postal cards that are being mailed out to residents of this section who ought to be but are not yet members of the Santa Ana Chamber of Commerce.

The postal card bears the following boosty invitation:

"The Santa Ana Chamber of Commerce is the chief publicity bureau for Santa Ana and Orange county. It has done much for every property owner in the valley. It could do much more if it had your help. It tells the world where we are and what we have to offer in the way of attractions and investments. It maintains a fine free exhibit of products at the city hall, which is shown to about 100 tourists and home-seekers every day. Come and see it yourself and find out what the Chamber really means and does for you. We want your active and financial co-operation. Please sign the attached return card and become a member of the Santa Ana Chamber of Commerce and thereby enlist as a 'booster' for your town."

The new secretary, J. C. Metzger, has devised this method of reaching a large number of residents in short order. He has been making a canvass whenever he gets time from his other duties as secretary, and has already added a long list of names to the Chamber of Commerce, and the list is growing every day. The good work of getting the people together in the energetic work of the Chamber of Commerce is deserving of everybody's aid. All of those who have been watching the county and city these last few months are confident that now is the time to put lots of hard work into the boosting of the county, and the secretary and board of directors of the Chamber of Commerce are anxious to get the organization as large and representative as possible that things may be kept moving.

If there is any person who is not a member of the Chamber of Commerce and who desires to become one, the secretary will gladly provide an application blank in answer to a telephone message.

HOW TO BE HEALTHY

—Is it said by an eminent authority that 99 per cent of all illness is due to wrong methods of living—wrong eating—wrong sleeping, wrong dressing, wrong working—wrong thinking. Stand up in front of your mental mirror—examine yourself. Don't you see where you are bucking nature. Eating as though you had only two minutes to catch a train—building a million dollar air castle while you eat—burning the candle at both ends—late and early. Your stomach, liver, kidneys are all out of whack—and no wonder. You don't need a lot of poisonous drugs—but you do need "Brackett's System Builder" to give you a fresh start. It's a simple herb remedy. Acts on the entire system—a house cleaner. In pleasant-to-take tablets. 50 doses, 50c. 6 boxes, \$2.50.

Wheeler & Mateer, special agents.

CONTRACT LET PAVING PLAZA

Los Angeles Man Commends
Orange for Getting Leases
on Gravel Beds

ORANGE, March 19.—The city trustees last night let a contract to the Los Angeles Paving Co. for paving the streets around the Plaza. The price was 16 1/2 cents per square foot for the most traveled part of the street and 15 cents for the second grade paving, to be placed toward the corners.

The Fairchild, Gilmore, Wilton Co. were competitors. A year or two ago it was rumored that the Fair child people were getting leases on all available gravel beds. The city got busy immediately, and got four or five leases of its own. E. R. Wor den of the successful bidding firm stated that had it not been that the city had thus succeeded in getting available gravel he could not have put in a bid.

DISCUSS PROBLEM FACING YOUNG MEN

Dr. H. W. Wickett of Fullerton will speak on a topic of vital interest to older boys and young men tomorrow evening, March 20, at 7:4 o'clock. The vast majority of boys are left to learn the most important facts of life in underhand and impure ways and as a result much that is harmful physically and morally comes with it. Fathers of young boys may very profitably hear this talk of the doctor's tomorrow evening in order that they may know better how to answer problems of the growing youth. Many boys who now go wrong because of ignorance of wrong construction might have been saved by hearing such helpful talks as Dr. Wickett gives. In many cases where parents fail to do their duty in giving right instruction in sex matters it would be a blessing to the boys if their Sunday school teachers or pastors or Christian adult friends could give them this help in the right way. All such workers with boys and young men should avail themselves of this opportunity to hear this topic of "Sexual Hygiene" presented correctly.

Young men and old boys are especially urged and invited to come and listen to a pure, scientific presentation of the story of life from the Christian physician's standpoint. It will prove helpful in answering some of the many questions in the mind of the normal youth. Fathers and sons are invited to come together to this meeting.

The Young Men's Christian Association of Santa Ana has arranged for this meeting and it will be held under their auspices. Throughout the country the Y.M.C.A. has been one of the greatest agencies for social purity in its campaign for education along these lines, and Santa Ana boys and young men cannot fail to be helped by such meetings. Dr. W. B. Hall for a number of years has been speaking in colleges, high schools and associations on this subject and is considered about the greatest speaker and writer on these matters. The local association has obtained a hundred copies of his latest publication for distribution, entitled "Developing Into Manhood." These can be secured for 10 cents each from any of the following named committee: G. S. Thacker, N. A. Ullm, Loren Meade and R. J. Hamilton.

Remember to be at the First Congregational church Wednesday evening at 7:45 to hear Dr. W. H. Wickett.

R. J. HAMILTON,
County Sec. Y. M. C. A.
